Purpose and Factual Findings

This plan is required by state statute (K.S.A. 12-17,114 et seq.) in order to create an incremental tax rebate program intended to encourage reinvestment and improvement of blighted, declining areas of the community pursuant to the State Neighborhood Act. The components of the plan include establishing the Neighborhood Revitalization Area boundaries, proposals for improving municipal services and establishing Local eligibility criteria and application procedures for the tax rebate program.

The Neighborhood Revitalization Plan also serves as the City's strategy to stimulate and promote the revitalization of areas in the City of Arkansas City, Kansas, through the rehabilitation, conservation or redevelopment of the area in order to protect the public health, safety or welfare of the residents of the Neighborhood Revitalization Areas and the municipality as a whole.

Purposes for implementing a Neighborhood Revitalization Plan include:

- Stabilize blighted neighborhoods by rehabilitation of older homes
- Provide incentives for affordable housing to persons with limited resources
- Encourage non-profit and religious organizations to revitalize areas and homes
- Encourage property owners to improve homes
- Encourage additions to existing housing
- Encourage infill housing
- Encourage construction of new housing
- Eventually increase tax base and make affordable housing more available

In accordance with the provisions of K.S.A. 12-17,114 et seq., the City Commission has held a public hearing and considered the existing conditions and alternatives with respect to the designated areas, the criteria and standards for a tax rebate and the necessity for Interlocal cooperation among the other taxing units. Accordingly, the Commission has carefully reviewed, evaluated and determined that the areas meet one or more of the conditions to be designated as a "neighborhood revitalization area/dilapidated structure."

The City previously has adopted other Neighborhood Revitalization Plans, to apply to different areas within the City. This Plan is intended to replace those in full, to provide one comprehensive plan applicable to all areas eligible for this incremental tax rebate program, as those areas are described herein, and to extend the period of time of the pre-existing plans. To that end, this Plan is the only Neighborhood Revitalization Plan in effect in the City of Arkansas City, from and after the date of execution of the Interlocal Agreement authorizing same.

Legal Description Neighborhood Revitalization Area

The total area of the Neighborhood Revitalization District is described in *Exhibit 1*.

3. The improvement plan will stipulate the type of improvement to be made, renderings, a timetable for completion and any supporting documents appropriate for the type of application.
4. Prior to beginning the project, the owner shall apply for a building permit that shall be attached to the application.
5. Once the application and the building permit have been submitted, the Building, Planning, and Code Enforcement Department shall determine eligibility of the project for the tax rebate.
6. At completion, the owner shall request a reappraisal by the county appraiser which will determine the property value and shall be used to calculate the tax value increment added by the improvements.
7. At the customary time, the county treasurer shall mail tax statements based on the new appraised value.
8. The property owner shall submit proof of payment of the entire tax bill to the county treasurer to initiate the tax rebate procedure.
9. Only the increase in taxes will be rebated less any applicable administrative fees. In accordance with state law, the rebate must be issued within thirty days after proof of payment has been submitted by an approved applicant.
10. Only projects that have been predetermined to be eligible shall receive a rebate.

How To/Where To

This program will begin receiving applications after its adoption by the governing body of the City of Arkansas City and the execution of the Interlocal Agreement with Cowley County, Unified School District #470, and Cowley County Community College. Thereafter, the City will process applications as they are submitted with no monthly or quarterly deadlines. Applications will be available in the Building, Planning, and Code Enforcement Department, City Hall, 118 W. Central, 620-441-4420.

The County Treasurer will perform the calculation of the final rebate amount based on the actual appraised value. Each month in which rebates are paid, the County Treasurer will submit a report to the City's Building, Planning and Code Enforcement Department showing the property before and after appraisal and the amount of the rebate.

1. The Applicant shall obtain an Application for Tax Rebate from the Building, Planning, and Code Enforcement Department Monday through Friday (excepting holidays) from 8:00 a.m. to 5:00 p.m.
2. The applicant shall complete and sign Part 1 of the application and file the original, accompanied by a \$25 application fee, with Code Office within 60 days following issuance of the building permit. A valid copy of the building permit must be attached to the application.

3. The Building, Planning, and Code Enforcement Department (BPC) shall forward the application to the Cowley County Appraiser's Office to determine if the taxes and special assessments are current.
4. Upon completion by the Appraiser's office, BPC will return the application to the applicant. The applicant shall certify the status of the improvement project as of January 1 following the commencement of construction by completing and signing Part 2 of the application. The applicant shall file the application with the Appraiser's office on or before December 1, preceding the commencement of the tax rebate period.
5. Following January 1, the County Appraiser shall conduct an on-site inspection of the construction project and determine the new valuation of the real estate and shall complete his or her portion of the application and shall report the new valuation to the County Clerk by June 1. The tax records on the project shall be revised by the County Clerk's Office.
6. Upon determination by the County Appraiser's office of the value of the improvements and a determination by the County Clerk's office that the taxes and assessments on the property are not delinquent, the OBPC shall certify that the project and application does or does not meet the requirements for a tax rebate and shall notify the applicant and the County Appraiser's Office of the rebate percentage due for each year of the rebate period.
7. Upon the payment of the real estate tax for the subject property for the initial and each succeeding tax year extending through the specified rebate period, a tax rebate shall be made to the applicant less applicable administrative fees as specified in the Interlocal Agreements. The tax rebate shall be made within 30 days following payment and submittal of a receipt by the applicant to the County Treasurer. The tax rebate shall be made from the Neighborhood Revitalization Fund established by Cowley County and other taxing units participating in the Interlocal Agreement. The Building, Planning and Code Enforcement Department shall make periodic reports on the tax rebate program to the City Commission and other taxing units accordingly.
8. The BPC shall inform the County Clerk and City Finance Department 30 days prior to the expiration of the final rebate period for each property receiving a tax rebate.

Standards and Criteria for Review and Approval

1. The property for which a rebate is requested shall conform with all applicable city codes and regulations in effect at the time the improvements are made and shall remain in conformance for the duration of the rebate period or the rebate may be terminated.
2. The property must meet all qualifications established herein for participation in the tax rebate program.
3. Any property that is delinquent in any tax payment or special assessment, including BID assessments, shall not be eligible for a rebate until such time as all taxes and assessments have been paid.
4. Following establishment of the increase in assessed value resulting from a specific improvement, the fixed rebate percentage shall be applied to any change in assessed value or mill levy during subsequent years for the duration of the rebate term.
5. The Building, Planning and Code Enforcement Department shall have the authority and discretion to approve or reject applications based on the eligibility standards and review criteria contained herein. The amount of the assessed valuation shall be determined by dividing the total amount of tax increment rebates paid by the district during the preceding 12 months by the total of the ad valorem tax levy rates levied by or on behalf of the district in the previous year. The commissioner of education shall annually deduct the certified amounts of assessed valuation for such rebates from the total assessed valuation of the district in determining the total and per pupil assessed valuations used in the allocation of state aid payments to school districts.

City of Arkansas City, Kansas

Charles Tweedy III, Mayor

The City of Arkansas City, in conjunction with the Board of Cowley County Commissioners and City of Winfield, support the development of the US 77 Highway in Cowley County. We are pleased to work with the Kansas Department of Transportation in the development of the highway system that will improve safety and promote economic development.

If the corridor can be improved in the Strother Field area that is consistent with the adopted long-term Corridor Management plan, the partners will collectively financially support the project with up to one million dollars.

We understand that our offer is contingent upon KDOT constructing the project in a manner consistent with the improvements as outlined in the Corridor Plan along with the execution of subsequent agreements that will outline the nature of improvements, financial considerations and other requirements. We also understand that the entities may utilize KDOT project funds as our contribution, including but not limited to Corridor Enhancement funds, Federal Exchange funds, and other programs as may be applicable. The local partners intend for Strother Field Commission to be a participant in the funding of the proposed project.

Thank you for the opportunity for Cowley County to be eligible for construction improvements on US 77 Highway. Please let us know if you have any questions or comments.
